

### ON THE LOOK OUT

59 participants of EGPRN Tampere meeting shared their views with us

● Blue dot ● Other participants

### THE BLUE DOTS AMONG US

27.6% of the respondents attended an EGPRN meeting for the first time

### Participants' distribution by role and geographic location\*

\*Based in the sample of participants that responded to the survey

### WHAT WERE THE BEST THINGS ABOUT THE EGPRN MEETING?

\*Word cloud generated based on free-text answers

8 out of 10  
plan to go to another  
EGPRN meeting

9 out of 10  
would recommend participating  
in an EGPRN meeting

## #1

What were the things we could have done better?

Food and water in the breaks / welcome bag  
Better communication on reception and social event location and time  
Speakers should be discouraged to run out of time  
More interaction and collaboration  
Less workshops in the same time slot  
More emphasis on networking  
More social activities

## #2

What can we improve next time?

Higher diversity of topics  
Improve overall organisation and communication  
Provide a one-page sheet about the country's health system during the practice visit  
More social interaction  
More rooms for research group meetings  
Mentoring program  
Better rooms for workshops  
More practical / clinical workshops  
Organise a city tour
